PRE-APPLICATION CONSULTATION REPORT FOR THE DEVELOPMENT AT FFORDD PANDARUS, MOSTYN

There has been Council and community consultation regarding the proposed scheme prior to this application. Initial meetings were held with Councillor Patrick Heesom (local elected member), who is fully supportive of the scheme.

Statutory consultees at a pre-application meeting were consulted. Colin Simpson of Highways initial comments were to increase parking allocation across the scheme.

At the request of Flintshire County Council we also held a hosted public event at Mostyn Community Centre on 11.02.2019 where representatives from Wates Residential and Flintshire County Council staff were on hand to answer any queries raised.

Attendees were:
Melville Evans - Flintshire County Council

Michael Cunningham - Framework Manager
Wates Residential

Danielle Meredith Assistant Design Manger –
Wates Residential

Following comments received we were able to carry out the following amendments to the scheme:

- Parking concerns. The scheme has therefore had additional parking allocated and a layby introduced on the entrance road which can be used by local residents.
- The aspect distances in many cases are over and above the requirements to deal with the concerns with overlooking. Roof pitches have been lowered to reduce the mass of the proposed buildings.

All comments received from the hosted event along with responses received following the letter drop are within the submission.

Further information regarding the site can be found in the submitted Design and Access Statement.
